"Saving at the Spigot Wasting at the Bung"

That's what buying poor paint means. Paint may be low-priced by the gallon and be extravagant to use owing to its poor covering power and wearing quality. After the paint is applied it's too late to save. Start right and use

THE SHERWIN-WILLIAMS PAINT
MADE TO PAINT BUILDINGS
WITH, OUTSIDE AND INSIDE.

It covers more surface, spreads easier, and lasts longer than any other prepared paint, or hand-mixed lead and oil.

Edward F. Rash Suicides in Lexington.

Edward F. Rash, formerly of this city, committed suicide Saturday a Lexington by taking carbolic acid at his home on Jefferson street, city. His body was found shortly after five o'clock by the colored domestic. Despondency over business failures and the ill health of his mother is attributed as the cause of his suicide.

The act of self-destruction was committed at his home when nobody was about the place. He had apparently sent the colored woman away from the house so that he could accomplish his suicidal purposes without interference. It was not until her return to the house that the suicide was discovered.

Mr. Rash's body was found lying across the bed and an empty bottle which had contained one ounce of carbolic acid was found close to his side. A note addressed to Miss Mabel Rash, his daughter, telling the family goodbye and that he was tired of life, was also found. It was learned that Mr. Rash had been in a despondent mood for several days, and had threatened to take his life. The threat was not taken seriously by the members of his family, and Saturday he appeared in a more cheerful mood. He spent a part of the afternoon with his sister, Mrs. J. H. Kimbrough, who resides a short distance from the home of Mr. Rash. He returned home and got his clothes preparatory to taking a bath, and after sending the colored girl away planned with deliberation his suicide, penciled the note to his daughter, and swallowed the fatal drug.

Mr. Rash was formerly of this county and lived at North Middletown, where he was engaged in farming. Later he moved to Paris, where he entered the real estate business with Mr. W. A. Thomson, under the firm name of Thomson & Rash. About four years ago he had the misfortune to lose his wife, who was the daughter of Mr. W. H. Mappin, formerly of Paris, and a short time afterward moved to Lexington, where he purchased a farm on the Richmond pike.

He is survived by three children, Miss Mabel Rash, aged 22, William Rash, aged 18, and Flournoy Rash, aged 16 years. He is also survived by several sisters and brothers, as follows: Mrs. T. G. Morris, of this city, Mrs. Dr. Cook, Messrs. Hedges, Bert and Magnus Rash, of North Middletown, and Mrs. J. H. Kimbrough, of Lexington. His mother, Mrs. Margaret Rash, who also survives, is in a precarious condition at the St. Joseph Hospital, in Lexington.

Mr. Rash was a member of one of the best-known families in this county, and has many friends here who regretted exceedingly to hear of his untimely death.

Harrison Man in Cutting Affray.

As the result of an altercation in a Main street saloon Friday afternoon about 1:30 o'clock, H. N. Morrison, of Lair station, Harrison county, was stabbed in the left side by Pete Harrington, of Cynthiana, and sustained two serious wounds.

The difficulty, it is said, started on the carnival grounds in the city lot, and when the men met in the saloon, it was renewed, resulting in Harrington cutting Morrison twice in the side, one of the wounds being directly beneath the heart, but not of great depth, and the second a few inches lower.

Morrison was taken to Cahal's barber shop, and was later removed to the office of Dr. J. T. Brown, where his injuries received attention. He was weak from the loss of blood and was apparently suffering great pain.

Harrington was taken into custody by Patrolman James Moreland, and landed in jail. He was charged with cutting with intent to kill. In police court his bond was fixed at \$100, in default of which he was remanded to jail. Yesterday his aged father, who resides in Cynthiana, came to Paris in an effort to secure the release of his son but was unable to secure bond. Harrington's examining trial is set for Saturday morning at 10 o'clock.

After the cutting Morrison was removed to the Harrison Hospital, in Cynthiana, where it was thought he might succumb to his injuries, but indications are that unless complications develop he will recover.

Passed Worthless Checks Here.

Detectives Veal and Thompson arrested in Lexington, Friday morning, or a charge of passing worthless checks, Dr. Edward A. Brown, a chemist and pharmacist, claiming Richmond, Va., as his home. The arrest of Brown was made as he was entering the office of the Eats Tennessee Telephone Co., with a view of calling up a friend in Paris.

Brown is said to have passed worthless checks in Lexington last April, and about the same time handed out one of the old variety to a business man of Paris. He came here with a friend and for several days stopped at the Windsor Hotel. While here he displayed keen interest in several fine horses owned by Paris horsemen, and gave every evidence of being in the market for the purchase of one or more of the animals that came to his notice.

Representing himself as a member of a secret order he secured the sum of \$15 on a check, and a few days later took his departure. He was not heard from until his arrest in Lexington, Friday morning. Brown was formerly a successful pharmacist in Gallapoli, O., and later in Cincinnati.

In the Lexington police court Saturday morning Brown was allowed bail in the sum of \$200. He is being held until more information concerning his alleged operations is procured.

"WE KNOW HOW"

There is nothing nicer, and we know there is nothing cooler for Summer wear than a pair of White Serge or White Flannel Trousers.

Temple of Lord's Prayer.

Perhaps the most interesting, surely the most exquisite, house of prayer in the world is the Little Temple of the Lord's Prayer in Palestine, erected on the spot where it is believed the Savior taught his prayer to the disciples. The little temple is of pure white marble, with simple straight lines, distinctly unlike the architecture of the Orient. "Our Father which art in heaven" in every known language is carved on the walls and columns, and is the only decoration of this supremely lovely place. To see it in the soft opal twilight of the east, or at moonlight, or in the earliest dawn, is to understand the matchless words of the Master translated into marble.—Cristian Herald.

Path of Honor and Success.

The shortest and surest way to live with honor in the world is to be in reality what we would appear to be; all human virtues increase and strengthen themselves by the practice and experience of them.—Socrates.

A Long Excuse.

The magazine writer rolled in late at night and found his better half sitting up, awaiting his coming. "What have you got to offer this time?" she demanded. "I can give you a 1,200 words story," was the reply of the writer, whose answer was dictated by force of habit.

MATRIMONIAL.

LAIR-RION.

—The marriage of Miss Ethel Lair to Mr. Houston Rion will be celebrated this afternoon at 3 o'clock at the residence of the bride's mother, Mrs. Mollie Lair, on Fifteenth street. Rev. W. E. Ellis, of the Christian Church, will be the officiating minister. The wedding will be a quiet affair, only the relatives and immediate friends of the contracting parties witnessing the ceremony. Immediately after the ceremony, Mr. Rion, with his bride will leave for an extended honeymoon, during which they will visit his sister, Mrs. Wm. McPherson, at White Fish Mont., and brother, Dr. Croxton Rion, at Seattle, Wash. Returning home they will make their home with the groom's parents, Mr. and Mrs. Joseph Rion, on West Second street.

DEATHS.

CLAY.

—After an illness of several months, Mr. Thomas Fields Clay, died at the Good Samaritan Hospital in Lexington, yesterday afternoon about six o'clock, of infirmities of old age. Mr. Clay has been in declining health for some time, and about three weeks ago was taken to the Lexington hospital where he has since been under treatment, with the hope of prolonging his life. Mr. Clay, who was aged about 80 years, was a member of one of the most prominent families in Bourbon county. He was never married and is survived by one brother and one sister, Mrs. Mattie Donaldson, of Paris, and Mr. Sidney Clay, of Arizona. Most of his life was spent on the farm and several years ago he held the position of game warden of this county. Messrs. W. O. Hinton and J. B. Dempsey went to Lexington last night returning with the remains, which were taken to the undertaking establishment of Mr. J. I. Hinton. The funeral arrangements were not complete at a late hour last night.

Negro Drops Dead.

John Robinson, a highly respected colored man, of Brentsville, died suddenly last night about 8 o'clock, on the farm of Mr. Zeke Clay, from a pulmonary hemorrhage. Robinson has been employed on the Clay farm working in grass seed, and during the day complained of feeling badly. The body was removed to his home in Brentsville with consent of Coroner Rudolph Davis, who will make an investigation today. Robinson was about 50 years old.

Depenancing On.

An artist of international fame recently had a bright little Swedish girl posing for him, and thinking to keep her expression animated, he conversed with her while he worked. "Do you go to school, Ragnhild?" the great man inquired with affable complacency. "Oh yes," was the reply. "And what are you going to be when you grow up?" Ragnhild's face beamed. "If I have sense," she answered, "I will be a school teacher. If I have no sense, I will paint pictures—like you."

Paris Drops Game to Rivermen.

In a five inning contest at Maysville yesterday afternoon, Paris lost to the Rivermen by a score of 2 to 0. In the fifth inning rain began to fall and the game was called off on account of the wet condition of the grounds.

The Paris team will remain in Maysville until Thursday morning when they will return to Paris to meet the Lawmakers and league leaders in for contests. The contest Thursday afternoon will be a single affair, but on Friday afternoon the two teams will meet in a double header and on Saturday afternoon will meet in the fourth and final game of the series.

There has been a very noticeable improvement in the Paris team the past week, and with the addition of the new men recently acquired they are putting up a splendid article of ball. Chapman, Moilenkamp and Hicks have added material strength to the team and at present they seem to be going exceptionally well.

Chas. Bonish, the much heralded Indian pitcher, who on various occasions has been scheduled to report here but in his appearance yesterday afternoon, Bonish is a big strapping fellow and looks every inch of a ball player. He presents a very handsome athletic appearance, being of spry physique, and if his record in the Blue Grass comes up to anything like that he has made in pitching independent ball, he will certainly add a world of strength to the hurling staff of the local aggregation.

Bonish came in yesterday from Philadelphia, after he had wired the local management that he would not be able to report until about the tenth of the month, on account of being sent to his home for a short trip by the school which he attended in Pennsylvania. After telegraphing President Bacon to this effect he decided to come to Paris.

SUNDAY—PARIS 5-3; MT. STERLING 4-2.

Paris took a brace of games from the Orphans at White Park Sunday afternoon, winning the first, an eleven inning contest by a score of 5 to 4, and the last in an exciting struggle which resulted in the Bourbonites getting the long end of the score.

The first game was a battle royal between Friedly for Mt. Sterling and Ludwig for Paris. The latter was wild at stages and the wildness gave the visitors the lead in the sixth inning. Paris tied up the contest in the eighth and in the final frame Mt. Sterling made a lively bid for the game when two runs were scored. The Orphans could not hold the locals in their half and they succeeded in getting over three runs by timely hitting.

The second game looked like an easy victory for the Orphans, with O'Dell pitching steadily and a good lead of two runs secured in the second inning. Harold was on the rubber for Paris and worked himself out of many tight places. The contest was scheduled for seven innings and in the last frame the local boys put over the required runs to win.

Kuhlman was easily the star of the day, and was responsible for Paris winning both games by his timely hitting in the final inning driving in the winning runs.

FRIDAY—PARIS 3, RICHMOND 2.

In an exciting ninth-inning finish Paris won from Richmond Friday afternoon by a score of 3 to 2. Hauser

and Myers opposed each other on the mound, and both boxmen were very effective. Hauser fanned ten men and Myers eight. The visitors made a strong rally in the ninth and made a strong bid for the game, but were retired with only one run.

SATURDAY—RAIN.

Rain Saturday prevented the game between Paris and Frankfort.

Meaning of "Kalamazoo."

A contraction of an Indian phrase descriptive of the stones seen through the water in its bed, and which, from a refractive power in the current, resemble otters swimming beneath the surface. Such is the explanation, and the only one, as far as I know, that has been given, of the meaning of the word Kalamazoo, and the author of this remained unknown to me until a short time ago, when I accidentally discovered that it was H. R. Schoolcraft. . . . The fact is that the alleged word negikanamazo given by Schoolcraft is a deliberate alteration by him of kikalamazo, written by the French at a period when some dialect of Ojibwa, to which the word belongs, was still using the letter l. It is a slight (very slight) alteration of old Ojibwa kikalamazo, meaning "he is inconvenienced by smoke in his lodge."—American Anthropologist.

How to Become a Neurasthenic.

Eat no breakfast. Indulge in but one meal daily; at any rate not more than two. Eat no meat. Eat freak cereals, vegetables, nuts and fruit. Masticate every morsel 233 times—267 times won't do. Take a cold bath every morning.

Be massaged daily. Read the health magazines daily. Read all the books on how to gain self-control and on psychotherapy. Concentrate the mind upon the digestion and upon all articles of diet. Upon every possible occasion discuss your imaginary troubles with your friends and coerce your wife into catering to every dietetic whim that you can formulate. Buy a lot of apparatus for indoor exercise and roll a cannon ball around over selected portions of one's anatomy.—Critic and Guide.

Pedigree of the Horse.

Geologists have finally completed a distinguished genealogy for the horse. Here is the list, with the geological eras in which each lived, as arranged by Prof. W. N. Rice:

The line of descent begins with Hyracotherium and Eohippus of the lower Eocene age. Then follow Protophippus and Orohippus of the middle Eocene, Ephippus of the upper Eocene, Meshippus of the Oligocene, Anchitherium of the lower Miocene, Parahippus, Protophippus and Plihippus of the middle and upper Miocene, and finally Equus of the Pliocene and the Quaternary, from which the modern horse directly descends. Hipparion and Hippidium represented ancient side branches that died without descendants.

Transfer of F. & C. Recorded Here.

President Milton H. Smith and Secretary J. H. Ellis, of the Louisville & Nashville railroad, executed a deed conveying the Frankfort & Cincinnati railroad, formerly held by the Louisville & Nashville road, to the present owners.

The deed has been filed in the Bourbon county court in obedience to the mandate of the Court of Appeals, which held that the L. & N. could not acquire the road, which was regarded as a parallel and competing line.

The deed of conveyance, which bears the date of April 22, has been put to record in the office of the county clerk in Paris, enumerating all the F. & C. holdings, forty miles of track and rights of way, engines, rolling stock, round houses, equipment, depots, and all other real estate and personal property appertaining to the F. & C. railroad. The considerations recited are the same as that given at the time at which the L. & N. acquired the property in 1905.

Two Tracts of Land Sold.

Mrs. Mary J. Caldwell, of Millersburg, has sold to Messrs. W. D. McIntyre and E. P. Wagoner, of Bourbon county, two tracts of land near Millersburg, one tract known as the Silas Cleaver farm, on Hinkston creek, containing 76 acres, and the other a small tract adjoining, known as the William Parker place, containing about 76 1/2 acres. The price paid was \$76,50.

Alamo Program.

The following is the program for the week of July 8:

TUESDAY—A Railroad Engineer, (Lubin). A Close Call, (Biograph). Helen's Marriage, (Biograph). Sing Lee and Bad Man, (Pathe).

WEDNESDAY—A Western Legacy, (Essanay). Rivals, (Selig). Her Brother (Convic, Kalem).

THURSDAY—Fighting Ian McCool, (Kalem). A Good Catch, (Essanay). All is Fair, (Melies).

FRIDAY—When Kings Were Law, (Biograph). The Mother, (Pathe). Diamond Cut Diamond, (Vitagraph).

SATURDAY—Girl With The Lantern, (Selig). Dream of Lobster Feend, (Lubin). The Prospector's Sweetheart, (Pathe). The Sponge Industry, (Lubin).

Spreading Rails Cause Wreck.

Spreading rails caused the rear coach of L. & N. passenger train No. 9, from Maysville to Stanford, to jump the track and turn turtle Friday night at Paint Lick. There were about fifteen passengers in the coach at the time and a number of them were badly injured but none seriously.

Conductor Dave Thompson, of Maysville, formerly of Paris, was in charge of the train and was badly cut about the face and head, but bravely assisted in the work of getting the passengers out of the coach, which had rolled down an embankment, turning completely over. All of the windows were broken out and it is a wonder that everyone in the coach were not killed. The worst injured were Mr. A. J. Kirk, of Parisville, who was knocked unconscious, Miss Esther Burch, of Stanford and J. W. Ireland, of Stanford. The injured were taken to Stanford where their injuries received attention.

HON. J. CAMPBELL CANTRILL,
of Scott county.

White Property Transferred to City.

County Clerk Pearce Paton has placed on the records the transfer of the old G. G. White property in White Addition, which the city of Paris recently acquired for hospital purposes. The deed is made by J. H. Orr, of Louisville, and the consideration named in the deed is \$6,000.

Sells Hotel Business.

Mr. Guy Overby, who has been conducting the Kimbrough Hotel, in Carlisle, has disposed of his business in that city, and has returned to Paris. He will probably engage in business in this city or locate in Cincinnati. He was formerly connected with the Louisville & Nashville railroad in this city.

Prominent Among Underwriters.

A copy of the Los Angeles, Cal., Tribune of July 3, contained an extended notice of the monthly banquet of the Los Angeles Life Underwriters, together with a half-tone picture of the prominent figures at the banquet has been received by the News. Mr. T. Porter Smith, formerly of this city, who is actively engaged in the life insurance business in that city, is among the number in the photograph.

Join Campers.

Number of P. R. boys are enjoying a ten days outing at Camp Daniel Boone, on the Kentucky river, which is under the direction of the Kentucky Y. M. C. A. The following list yesterday to join the campers: Messrs. Plendice Lancaster, Marmaduke Brown, George White, William Estill Moore, Rogers Moore, James Thompson, Charles Spears, Edward Myall, Marion Douglass, Edgar Vansant and probably others.

Refrigerators, Lawn and Porch Furniture.

See my immense stock of refrigerators; every size and of best makes. My assortment of lawn and porch furniture is unequalled. A splendid line of rugs, carpets and wall paper to select from. Call and look them over. Prices most reasonable.

J. T. HINTON.

Morgan's Men to Meet in August

Arrangements for the annual reunion of Gen. John H. Morgan's men at Parks Hill, Nicholas county, during the month of August is being discussed. The reunions have always been largely attended and many of the old soldiers are looking forward to the meeting with interest. Col. Green R. Keller, secretary of the Morgan's Men Association, and Maj. Horace M. Taylor, a member of the Executive Committee, will have charge of the local arrangement.

Protect your growing tobacco with Hail Insurance.

THOMAS & WOODFORD.

C. W. B. M. Meeting.

The regular monthly meeting of the C. W. B. M. was held Friday afternoon in the parlors of the Christian church. The attendance was not as large as usual, owing to the fact that many members were out of town. In the absence of the president, Mrs. W. E. Sinans, the vice-president, Mr. J. W. Hayden, presided. After the business routine, Mrs. R. P. Hutchcraft gave an interesting account of the School of Methods, recently conducted at Morehead, Ky., which was enjoyed by all present.

Immense Line New Wall Paper.

Call at my store and pick from the large new spring stock of wall paper just what you want and need and have it put on now and avoid the spring rush. Expert decorators ready to do your bidding.

J. T. HINTON.

Cumberland Issues New Directory.

The new directory of the Cumberland Telephone & Telegraph Company has been delivered to the subscribers in Paris by Manager H. H. Floyd. The new directory is attractive in appearance and contains all the changes and corrections in listings that have been made since the last directory was printed.

The number of new names appearing in the list would indicate that there are constant additions to the number of subscribers in Paris and vicinity, and the telephone development is continuous.

The Cumberland Telephone & Telegraph Company has evolved a plan whereby it furnishes telephone service to farmers and other rural residents on an economical basis.

As a result the telephone is now the rule, rather than the exception, on the farm, and farmers in all sections of the State are installing telephones in their homes.

The plant of the Cumberland Telephone & Telegraph Company in Paris is maintained at a high state of efficiency, and the subscribers are well satisfied with the service they are securing.

PERSONAL MENTION.

—Mrs. H. A. Power is visiting in Maysville.

—Miss Lida Robertson, of Bethel, is a guest of Mrs. W. R. Scott.

—Mrs. J. T. Martin is visiting friends in Morristown, Tenn.

—Attorney P. A. Thompson is in Cynthiana today on business.

—Mr. Noah Spears, of Chicago, is visiting relatives in this city.

—Miss Frances Champ is visiting Miss Dorcas Ussery in Cincinnati.

—President R. H. Crossfield, of Lexington, was a visitor in Paris, Friday.

Electric Plant Is Reported Sold.

Reports are current throughout Central Kentucky of the purchase of several electric plants in this section by the Dix River Dam Company. Among the number is the Paris Gas and Electric Company, which is said to have been taken over by the company of Eastern capitalists.

The report cannot be verified locally from the fact that the capitalists controlling the local plant are located in Cincinnati. A representative of the Dix River Company has closed deals for the purchase of the power plants at Richmond, Danville, Frankfort, Versailles, Lawrenceburg and are negotiating for several other places. Harrodsburg and Nicholasville plants being owned municipally have not been purchased, but will likely procure current from the Dix River plant.

It is the purpose of the company which will build the mammoth dam to consolidate the interests of all the electric plants so they can supply the power for them from the dam. Eastern capitalists have had surveys on the ground surveying for the proposed dam.

There will be 4,000 acres of land along the river that will be filled in for the reservoir by a dam 175 feet high. The tremendous volume of water will supply the power for plants all over Central Kentucky and will

DR. DOLLE'S MESSAGE TO MEN YOU CAN BE CURED BY

DR. C. L. DOLLE.
Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? You no doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, justly giving me the reputation for cures of which I am so proud.

Blood Diseases, Skin Diseases
I will give you treatment that will in a few days cure all rash, spots and every skin symptom. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin disease so they cannot come back.

Varicose, causing aching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—

My one-treatment cure is what you should have and what you will have to be cured right. Only one visit is required. I do no cutting and you suffer no pain nor trouble. All signs disappear in a few days.

Nervous Troubles, Lost Vitality
My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by folly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it.

It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles
are scientifically cured by me. My methods immediately benefit you, and the majority of cases I cure come from physicians and specialists who failed.

Piles, Fistulae— I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases— Itching, Burning remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my treatment without a cent and pay me after I cure you. I know that I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopical and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment.

Hours, 9 to 4: Sundays, 9 to 1 p. m. Evenings, 7 to 9 on Monday, Wednesday and Saturday nights

Office easy to find, as all that is necessary is to ask for the Columbia Theater, and any one can tell you this.

ROAD UP LICKING

Flat Showing Route of Proposed Line.

Carlisle, Ky.—The plat showing the route of the proposed Cincinnati, Licking Valley & Virginia railroad through Nicholas county has been filed with the county clerk here. The survey was made a few weeks ago. The proposed road enters Nicholas county at Blue Lick Springs, crossing to the south side of Licking river there, following the south side of the river to the C. F. Letcher farm, where it again crosses the Licking river and crosses the Louisville & Nashville railroad at the north end of the Louisville & Nashville bridge near Pleasant Valley, thence following the river to Parks Ferry, then entering Fleming county. The road will run from Newport to Cumberland Gap.

NEW TOBACCO PLANT.

Lexington, Ky.—The board of public works issued a building permit to the Land Tobacco Redrying and Storage Co. for the erection of a warehouse and redrying plant in Spring street. The cost of the plant, as set forth in the application for the permit, will be approximately \$50,000. The promoters expect to have the plant ready for occupancy by the time the fall tobacco season opens here.

SIX HURT IN RAILWAY WRECK.

Lexington, Ky.—Spreading rails caused derailment of the rear coach and the injury of several passengers of L. & N. train No. 9 at Silver Creek between Maysville and Stanford. Lav. in Kirk, of Paintsville; Miss Stella McWhirter, of Maysville; Prof. I. W. Ireland, of Stanford; R. G. Vogler, of Cynthia; Esther Burch, of Stanford and Hattie Bell Hart, of Bryantsville were injured.

DEAD UNDER A TREE.

Richmond, Ky.—The dead body of James Mitchell, of Lexington, was found in a field a short distance from the pike near the city limits here. The coroner's verdict was that he came to his death from apoplexy. He had been coming here for several days marketing fruit. It is thought he became ill while traveling and crayed over under a large shade tree, where he expired.

NARROW ESCAPE FROM DEATH.

Glasgow, Ky.—Louis Bridgewater, of Cumberland county, had a narrow escape from death by driving over what is known as the Bear Creek hill. The wagon ran over the cliff, dragging Mr. Bridgewater and the team after it. The wagon was loaded with logs which plunged down the hill with the team, all landing in the creek. Mr. Bridgewater was considerably bruised.

GOOD ROADS CAMPAIGN.

Carlisle, Ky.—The Commercial Club here has taken up the question of good roads and will hold a meeting to devise ways and means to assist in bettering the condition of the roads in Nicholas county. The bill for Federal assistance in keeping up the roads will be indorsed and senators and representatives from Kentucky petitioned to support the measure.

CORNERSTONE OF CHURCH LAID

Bowling Green, Ky.—Before a large congregation the cornerstone of the new Westminster Presbyterian church was laid with impressive ceremonies in which the various pastors of the city took an important part. The church will be one of the prettiest structures in this section of the state and will cost approximately \$40,000.

TO BUILD TABERNACLE.

Carlisle, Ky.—A large tabernacle is to be erected at once near White Chinnneys, north of this city, by the congregation where the Rev. Robert M. Reynolds, of Mt. Sterling, has been conducting a tent revival. A congregation has been organized and money is being raised to begin the erection of the church at once.

HIGH SCHOOL RALLY.

Bedford, Ky.—An educational rally was held at the Bedford fair grounds. The program consisted of a school tournament and speaking. Judge Lyman Chalkney, of State university made the address. The object of the gathering was to create an interest in the proposed high school building here.

DAYLIGHT ROBBERY.

Bowling Green.—The home of W. B. Atkinson, a jeweler, was robbed in broad daylight of two pairs of gold spectacles, pair of opera glasses and \$1.50 in money. Mrs. Atkinson was visiting a neighbor when the robbery was committed.

MINE CHANGES HANDS.

Barbourville, Ky.—A company of local capitalists, including A. M. Decker, S. H. Gaddie and S. H. Hughes, purchased the plant of the Hughes Jellico Coal Co., located at Elys, Knox county. The purchase price was not made public. The mine is operated by electricity. The new owners will take charge at once. Following the purchase of the Gibson-Carr coal lands on Brush creek the Dean-Jellico Coal Co., made up of local men, will install a \$40,000 mining plant.

COMMISSIONERS MEET

WILL HOLD SPECIAL MEETING TO CONSIDER TELEPHONE LAW.

Paducah Wins Points over the Illinois Central in Two Cases—Other Business Transacted.

Frankfort.—The telephone law passed by the General Assembly, entitled "An act further to regulate telephone companies," is to come under the scrutiny of the State Railroad Commission and telephone officials this month.

At the request of the companies the commission decided to hold a special meeting with representatives of the telephone companies in Louisville July 13 to come to some understanding in regard to the commission's jurisdiction and its requirements.

The second clause of the new law says: "No telephone company doing a toll line business shall consolidate under authority of this act with any other company doing a like business whose lines serve the same communities or localities, or purchase, lease or operate the plants or lines of such other company until the Railroad Commission, after such investigation as it deems necessary shall determine that no substantial public benefits result from the separate existence of such companies and that actual competitive conditions do not exist and has signified such determination in a resolution consenting to such consolidation, lease, sale of operating arrangement."

The commission at its meeting had before it a letter from the Louisville, Henderson & St. Louis railroad, announcing a substantial reduction in rates between South Carrollton and Madisonville. The first-class rate, for instance, has been reduced from 55 to 23 cents. J. F. Wolcott, of South Carrollton, complained that he was unable to ship direct to Madisonville over the M. & E. and L. & N. branch, but was compelled to ship by way of Guthrie. The railroad's action was voluntary after investigating the conditions.

The Paducah Commercial Club scored twice. Reparation in the sum of \$184.86 was ordered in favor of the Cohankus Manufacturing company against the Illinois Central, and of \$481.16 in favor of the Paducah Brewing company against the same road. These decisions are based on an original opinion reducing the rates on West Kentucky coal from 50 to 60 cents.

The case of the Lexington Commercial Club against the L. & N., Southern, C. N. O. & T. P. and C. & O. will be heard at Lexington July 12.

Relief was granted the Louisville, Henderson & St. Louis road from the long and short-haul clause at various Kentucky points on the line designated as railroad and river traffic competing points, which will enable it to reduce the fares.

State Fair Announcement.

Special days at the Kentucky State fair, September 9-14, inclusive, and the chairmen, have been announced by Secretary J. L. Dent, as follows:

Monday, September 9—Governor's Day—Educational—School Children's Day. Prof. Barksdale Hamlett, chairman; Prof. E. O. Holland, vice chairman.

Tuesday, September 10—Farmers' Day—Good Roads Day. H. A. Somers, Elizabethtown, chairman; Chas. E. Barker, Pembroke, vice chairman.

Wednesday, September 11—Louisville Day—Indiana Day. W. O. Head, mayor of Louisville, chairman; Adam Temberger, New Albany, Ind., vice chairman.

Thursday, September 12—All Kentucky Day—Press Day. E. D. Shinnick, Shelbyville, president Kentucky Press association, chairman.

Friday, September 13—D. H. Kincheloe, Madisonville, Ky., chairman.

Saturday, September 14—Boosters' Day. D. B. G. Rose, chairman.

Fair Will Be Great.

The board of directors of the Capital fair held an enthusiastic meeting and let the contracts for a number of privileges during the fair week. Reports from the various committees show that everything will be in readiness for the accommodation of the public and for a most excellent display of live stock.

One thing that the directors have done that will give joy to the hearts of the children is the making of a contract with one of the best dog and pony shows in the country to give free exhibitions twice a day in the ring in front of the grand stand. This show will have a big tent on the grounds and give exhibitions with the dogs and ponies at all hours when not showing in the ring.

The directors decided to give a prize of \$20 in gold to the lodge or fraternal organization that has the largest number in the parade on Wednesday, the second day of the fair, and \$10 to the one having the second largest number.

School For Farm Boys.

Secretary J. L. Dent, of the Kentucky State Fair, announced that a feature of the fair, which begins September 9, continuing one week, would be a school for farmer boys, with its object that of inducing lads to develop a greater interest in the farm and less of an inclination to migrate to the city. Plans for the school, which will be in the nature of a boys' camp, were discussed by Secretary Dent and Prof. T. R. Bryan, of the State Agricultural Station. It is planned to bring one boy from every county in the state.

With the new power plant of the Kentucky Traction & Terminal Company, at Lexington, the company proposes to extend its wires out the various turnpikes into the country. R. C. Stoll, representing the company, appeared before the Fayette County Fiscal Court Tuesday, and upon his suggestion a committee was appointed to advertise for bids for the franchise to erect poles and install wire along the various dikes owned by Fayette county.

Legend of Buried Treasure.

Out in the vicinity of Cedar Bluff College, once the most famous school for girls in Southern Kentucky, tradition has it that \$10,000 was buried years ago and is there to-day says the Franklin Favorite. The farm, which adjoins the property on which the college was situated, was owned at the time by a well-to-do, though eccentric man, who placed little confidence and less money in the banks of Warren and Simpson counties. Considering the bowels of Mother Earth much easier as a repository for funds he sunk a hole in the ground and placing \$10,000 in a brass kettle hid the treasure from sight. Had life been allowed him he would in all human probability have unearthed the pot and left the money to posterity, but unfortunately for those who would have benefited from his estate, he was stricken suddenly, and passed into the long sleep without being able to reach the spot where the treasure lies buried. The dying man, however, imparted to two men, Robertson and Robinson, the fact that he had buried the money in a certain spot, but after due diligence in search they abandoned all hope of finding the money, but evidence was not wanting to prove that the eccentric man had told the plain truth. Systematic search has often been made by persons who have heard the story, but beyond the statement that somewhere under the ground on the farm lies buried \$10,000 in gold, there is no clue upon which to work.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead, tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

While playing the hymn "Nearer My God to Thee," on an organ, R. G. Hays suffered a stroke of paralysis at Georgetown Tuesday morning, falling from the stool. His death is expected. Prof. Hays is from New York and has been in Georgetown conducting a business college. He is 65 years old.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

"Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

TAKE CARDUI The Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.

Whiskey Market Glutted.

Adrop of the nation wide overproduction of the 1912 crop of distilled spirits, many Kentucky distillers are disturbed over the unofficial Kentucky returns, which show that this year's total output was between 40,000,000 and 42,500,000 gallons. Although this was a little less than the 1911 crop, yet the enormous amount produced during that year and the status of current withdrawals lead those acquainted with the liquor trade to admit that this year's output is far too large.

The July number of the Wine and Spirit Bulletin, of Louisville and Cincinnati, has the following to say editorially:

"Those pessimistically inclined say it will disturb conditions and disrupt the market for a number of years to come. The most optimistic hope that the conditions will somehow adjust themselves. The conservatives between the two realize that there is a difficult situation to be met, and are looking to their own salvation by making a short crop next year."

The total output of distilled spirits in the United States during the last fiscal year up to and inclusive of April, was 184,780,472 gallons, and Kentucky produced a little less than one third of this amount. There are now 152,581,599 gallons of whiskey in Kentucky warehouses alone, which is a 4000,000-gallon net increase in supply since January 1 of this year. The ten months production of the current fiscal year of 1911, but has exceeded the whole total of the overproducing fiscal year of 1910. In two years Kentucky has turned out nearly 120,000,000 gallons of her favorite product. The output for ten months beginning July 1 was 35,549,145 gallons, and that for the same months of this year, 36,792,083, an increase of 1,242,938 gallons.

A Hero in a Lighthouse.

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper averted awful wrecks, but a queer fact is that he might have been a wreck himself. Electric Bitters had not prevented. "They cured me of kidney troubles and chills," he writes, "after I had taken other so-called cures for years, without benefit, and they also improved my sight." Now, at seventy, I am feeling fine. For dyspepsia, indigestion, all stomach, liver and kidney troubles, they are without equal. Try them. Only 50 cents at Oberdorfer's.

Monster Warehouse to Be Built.

The Burley Tobacco Company has definitely decided on the erection of a mammoth loose leaf warehouse in Lexington which will be one of the largest in the entire burley district and Friday commissioned engineers to prepare the plans and specification.

The building will be 600 feet long by 100 feet wide, constructed of brick, stone and mill work, and will be thoroughly modern in design and equipment. The basement will be used for storage purposes and the main floors for sales.

It is planned to have it ready for business by the time the tobacco season opens this fall.

Petruchio's Character.

He is a madman in his senses, a very honest fellow who speaks hardly a word of truth, and succeeds in all his tricks and impostures. He acts his assumed character to the life with the most fantastical extravagance, with complete presence of mind, with untiring animal spirit, and without a particle of ill humor from beginning to end.—William Hazlitt.

A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and sure for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

Trains Crash! 21 Are Killed.

Twenty-one persons were killed and thirty injured, a number fatally, as a result of a wreck July 5 on the Ligonier Valley railroad at Wilpen, Pa., Friday.

An overloaded passenger coach, pushed by an engine was struck by a double header freight train of coal cars crushing the coach like paper, and spreading death and injury to all but one aboard the train.

The accident occurred at the Fair Grounds at Wilpen, one and a half miles from Ligonier, a summer resort.

The passenger train had started from Ligonier. It consisted of an engine and coach, the engine pushing the coach. The freight train was made up of many coal cars and was being pulled by two heavy locomotives.

The impact was terrific. The passenger coach was practically laid open and the passengers were either crushed or thrown like shots through the air. It was the first fatal accident, it is said, in the history of the Ligonier road for the past forty years.

Your Dollar Buys More

When you buy a Studebaker-E-M-F "30" or Studebaker-Flanders "20" you get more for your money, dollar for dollar, than in any other car built.

There may be other good cars—but what is their price? That's the rub. If they really are good cars, they necessarily cost more because comparatively few are built. Some poor cars, you know, are high priced too, so that the dealer can fool you by cutting the price. What a car is really worth, not what it costs, should be your standard.

The Studebaker Corporation has the largest and best automobile factories in the world. We could build and sell any competing car today for less money than its present price. In your Studebaker-E-M-F "30" or Flanders "20" you get full value, because the biggest factories and the best brains in the industry build these cars.

Studebaker-E-M-F "30" Touring Car, standard equipped, f.o.b. Detroit \$1100. Equipped as above with Top, Windshield, Prest-O-Lite Tank and Speedometer, f.o.b. Detroit \$1190.

Our New Art Catalogue Will Interest You—Send for it

Will Test License Ordinance.

Charged with violating the city ordinance providing a license tax of \$100 per year for conducting an installment furniture house, the firm of A. F. Wheeler & Co., of this city, was fined \$1 and costs in police court yesterday morning.

The case will be appealed to the Circuit Court with a view of testing the validity of the ordinance. The license tax upon this class of business was imposed at the meeting of the City Council in May and the failure of the furniture company to comply with the provisions of the ordinance resulted in a warrant being issued and served Saturday.

Other cases disposed of by Judge E. B. January were as follows:

Wm. Watts, colored, peddling coal without a license, \$1 and costs, the amount of the fine being suspended when a license was secured.

George S. Insko and K. S. Denton, same, \$1 and costs.

George Thomas, drunkenness, \$10.

William Williams, wife beating, case continued until Saturday at 3 o'clock.

Real Estate Transfers.

The following real estate transfers were recorded in the office of County Clerk Pearce Patton:

Julian Throckmorton to L. T. Lileston, house and lot in Paris, \$1.

Jas. E. Slack to S. B. White, 3 acres of land, \$500.

Gladys Talbott Baldwin to Mattie Shipps Talbott, house and lot in Paris, \$1,200.

Mrs. Candace Smith to Gladys Talbott Baldwin, house and lot in Paris, \$1,050.

W. H. Kerr to Bourbon County Board of Education, parcel of land near North Middletown, \$100.

Myrtle A. Auxier to J. P. Bradley, lots in Millersburg, \$175.

W. T. Jones to J. D. Bradley, lots in Millersburg, \$300.

J. D. Bradley to Emma Lee Gault, lots in Millersburg, \$1.

Fiscal Court Meeting.

The Bourbon Fiscal Court held their regular monthly meeting Friday being in session most of the day. Judge Denis Dundon presided, with the following members present: Squires L. J. Fretwell, E. P. Thomason, R. H. Burris, J. J. Redmon, O. B. Lloyd, B. F. Stipp, John N. Shropshire and Geo. K. Redmon.

County Road Supervisor C. F. Redmon read his report for the month of June and it was received and ordered filed.

The usual number of bills were presented and ordered paid.

It was ordered that the sum of \$2,000 be appropriated to the turnpike supervisor for repairs on the roads.

A committee, composed of Squires Fretwell and Burris was appointed to negotiate for and purchase, if possible, a suitable rock quarry on the Redmon pike.

S. E. Bedford, County Treasurer, was ordered to borrow \$15,000 for use of the General and Turnpike Funds and to execute note for same drawing 6 per cent interest and payable Dec. 1, 1912.

Pat Collins was given fifteen days in which to furnish sufficient bond to complete turnpike he is to build by Nov. 1, 1912.

It was ordered that the sum of \$1,556.25 be paid to the Bourbon Bank for the National Park Bank, to pay July installment of interest on court house bonds.

Squires G. K. Redmon and Thomason were appointed a committee to buy coal for the County Infirmary.

A committee composed of Squires Thomason, Shropshire and Redmon was appointed to investigate, receive bids, and report the advisability of purchasing traction cars for the use of the Turnpike Supervisor.

Squires Lloyd and Stipp and County Attorney Batterton were appointed a committee to advertise for bids and let the contract for the building of the Iron Works pike.

Bread and Butter Plates, Breakfast Plates, good values at 10c, your choice 6c.

THE FAIR

Author of Bill Gets First License

Hon. Sidney G. Clay, of this city, bears the distinction of having the first hunters license issued to him under the act of the last General Assembly, which created a Game and Fish Commission. The license was issued to Mr. Clay by County Clerk Pearce Patton, of Paris. Mr. Clay represented Bourbon county in the 1-10 and 1912 sessions of the Legislature and the measure which was introduced during the first year in office was defeated. At the last session of the Legislature the measure was again defeated and through his efforts and the efforts of Mr. J. Quincy Ward, of Paris, who was appointed by Governor McCreary as the head of the commission, its passage was secured, and the bill became a law.

Mr. Ward was in Paris Sunday and stated he had outlined the work of the Game and Fish Commission and gave out the following statement:

"Game protection in the United States has developed along somewhat broader lines than in other countries. Its object is not only to preserve a few animals and birds to furnish sport for a limited class, but to protect the increase useful species for the benefit of the people in general.

"The personnel of the new Game and Fish Commission guarantees a faithful and efficient enforcement of the laws of the state, which are designed to preserve not only the game animals and game birds, but also birds of song and plumage and those which are beneficial as destroyers of injurious insects and noxious weeds.

While securing the support of the sportsmen, it benefits the farmer by increasing the species which are useful to him and commands the interest of that ever-increasing class of persons who find health or recreation in observing or studying nature.

"With the development of legislation for the protection of fish and game has occurred another development intended to afford greater protection to land owners and tenants. This legislation took the form of penalties incorporated in the game laws for certain forms of trespass and vandalism. The land owner had, and still retains practically complete control of the game on his premises, since he can to a certain extent fix the conditions under which it shall be taken and has absolute right to say whether or not it shall be hunted at all, but the facilities for enforcing his desire were of such a personal character that he hesitated taking the vigorous action necessary to get results. Now, however, with the inauguration of the State Department for the protection of game and fish, with a system of wardens throughout the state, whose sworn duty is to enforce the laws, the activities of those wardens in each county, the policy of publicity and education of the department and the interest of the true sportsman and law-abiding citizen who takes out his license; the enforcement of trespass laws become a matter of course, the rights of property owners is established alike in the mind of the careless citizen, the thoughtless friend and the vicious law-breaker.

"That the game on the farm has a money value is not always recognized, or, if so, seldom receives due consideration. Rabbits, quail and other game taken during the open season, afford not only an important addition to the table, but may save considerable expenditure for other meat. The value of this game is, therefore, not merely the amount it would bring in cash or in provisions at the country store, but rather what it saves in the cost of other meats. This economic result, this increased food supply is of certain benefit to the whole state and makes the work of the commission in enforcing the game and fish laws of great public interest and worthy of every man's support.

"Now as regards fish. You will notice that ours is a Game and Fish Commission and our duties and purposes embrace the care and propagation of fish as well as game, and as a matter of fact the fisherman will reap the benefits of its activities along with the man with gun and dog, and while the law does not require a license to fish the good sportsman and public spirited angler should, and doubtless will, contribute to the game and fish protection fund by taking out a license.

"The last legislature made a handsome appropriation for the purchase of land adjoining the State Fair for the purpose of establishing a hatchery which will be operated by the United States Government, in the propagation of fish for distribution and educational purposes of exhibition. The stocking of streams and caring for the propagation of fish is a work which, thanks to the facilities offered from the department at Washington, can be taken up right away, and already this department is in communication with the Fisheries Commission looking to the shipment into the state, for distribution under our supervision, of a large consignment for stocking purposes.

"The laws of the state prohibit, and provide penalties for, the use of wing net, gill or trammel net or other contrivance for purpose of catching fish or hindering the passage of fish in running streams or of the use of drugs, or other substances whereby fish are sickened, intoxicated or killed, or the water polluted or rendered unfit for use. It is unlawful to use dynamite or other explosive agent with intent to injure or catch fish, and if there is any one thing that will claim the attention of the commission in its activities it will be the apprehension and vigorous prosecution of the dynamiter who ruthlessly destroys thousands of small fish by this barbarous method."

Wanted.

To get in touch immediately with a young man, college student preferred, in connection with Four States Tour publicity. Here's work for all summer if you want it. Address, stating qualifications, ALLEN S. MCDY, 224 Saks B'g, Indianapolis, Ind.
